Ukash PayOut – How it Works

With just minor changes to the Ukash payment API you can issue in a real-time a Ukash voucher to any player requesting a pay out of their winnings. They can then spend the voucher anywhere that accepts Ukash, convert it to airtime or get a Ukash NEO prepaid virtual MasterCard™.

- Vouchers can be issued in EUR, GBP, USD, AUD and CAD
- Values from 10€ to 750€ per voucher
- Each player can have up to 5 vouchers per day

Why Your Players Will Love Ukash PayOut

Players like **Ukash PayOut** as it's quick and convenient. They can withdraw winnings instantly to an internationally recognised Ukash voucher that they can spend in many different ways:

- Redeem at any of the thousands of merchants accepting Ukash online
- Top-up their online wallet, get a Wallie card or buy game credits
- Send airtime to family or friends abroad with Ukash air
- Get a Ukash NEO prepaid virtual MasterCard™ to spend wherever the MasterCard™ brand is accepted online

They don't need a bank account or debit card to receive their winnings as a Ukash voucher, the voucher's valid for 12 months and each voucher can be up to 750€!
